Class Sessions

Section C: Tues, Thu 1:15 – 2:35 Benton Hall 206

Section D: Tues, Thu 2:50 – 4:10 Benton Hall 206

Personnel

Final Examinations:

Section C: Tuesday May 14th 12:45 - 2:45

Section D: Thursday May 16th 3:00 - 5:00

Office Hours:

Monday 3:00 - 4:00

Tues & Thur 12:00 - 1:00, 4:15 - 4:45

Always available by appointment

Except on Tuesdays or Thursdays (I have classes)

Teaching Assistants:

Bricen Raynold <raynolbj@miamioh.edu>
McMaken, Jack <mcmakejr@miamioh.edu>

Catalog Description

Principles of software engineering: Introduction to all phases of the software development life cycle and associated tools and engineering methods including the unified modeling language (UML).

Prerequisites

CSE 274 (Data Abstractions & Structures)

Learning Outcomes **http://www.miamioh.edu/cec/academics/departments/cse/academics/course-descriptions/cse-201/index.html (http://www.miamioh.edu/cec/academics/departments/cse/academics/course-descriptions/cse-201/index.html)**

Important dates

Tue Jan 30	First day of class
Thursday Feb 15	Last day to drop a full semester class with no letter grade
Mar 25-21	Spring Break
Monday April 8	Last day to withdraw from a full semester class with a grade of W
Fri May 5	Last day of classes
May 8-12	**Final exams**
	Section C: Tuesday May 14th 12:45 - 2:45
	Section D: Thursday May 16th 3:00 - 5:00

Miami University Academic Calendar: **http://miamioh.edu/events/academic-calendar/index.html (http://miamioh.edu/events/academic-calendar/index.html)**

Course Policy:

All in class PowerPoint slides will be uploaded to canvas.

All homework and projects will be submitted via canvas.

Regular attendance is essential and expected.

You should ensure that your settings enable you to receive course announcements directly to your Miami email address so that you are immediately notified of any updates.

Course Evaluation Components

Tests	20%
Midterm	15%
Course Project	40%
Final Exam	25%

Tentative Course Schedule

Week	Day	Description	Knowledge Area	Notes	Book Chpt
1	Jan 30	Lecture #1 Slides	Course Introduction, Software Engineering Introduction, Software Processes		Chp 1
	Feb 1	Lecture #2 Slides			Chp 1
2	Feb 6	Lecture #3 Slides			Chp 1
	Feb 8	Lecture #4 Slides		Groups are formed	Chp 1
3	Feb 13	**Test #1**	Lectures #1-4		
	Feb 15	Lecture #5 Slides	Requirements		Chp 2
4	Feb 20	Career Day	No Class		
	Feb 22	Lecture #5 Slides	Requirements		Chp 2
	Feb 27	Lecture #6 Slides	Requirements		Chp 2
5	Feb 29	Lecture # 7	Requirement Project Planning; Requirements as User Stories and Tasks		Chp 4
6	March 5	**Test #2**	Lectures #5-7	Group Meetings Start	
	March 7	git	git	Group Meetings Start	git
7	March 12	Lecture #9 Slides	Design/UML		Chp 5
	March 14	Lecture #10 Slides + Project Intro	Design/UML		Chp 5
8	March 19	No Class	Prepare for Demo		
	March 21	**Public Demonstration #1**			
9	March 26	Spring Break	Spring Break		
	March 28	Spring Break	Spring Break		
10	April 2	**Midterm**	All content thus far. Lectures 1-10		
	April 4	Lecture #11 Slides	Sequence and State		Chp 5

	April 9	Lecture #12 Slides	Design Patterns	Chp 5
11	April 11	Lecture #13 Slides	Test Driven Development	Chp 8
	April 16	No Class	Prepare for Demo	
12	April 18	**Public Demonstration # 2**		
	April 23	**Test # 3**	Lectures #11-13	
13	April 25	Review of Midterm		
	April 30	Lecture #16 Slides Lecture #17 Slides	Testing, Bugs	Chp 7
14	May 2	Lecture #15 Slides Lecture #14 Slides	Automatic Builds, Version Control	Chp 6
	May 7	No Class	Prepare for Demo	
15	May 9	**Public Demonstration #3 Final**		
	May 14			
16	May 16	**Finals Week**		

Group Meeting Times:

TA	Time	Group
Jack McMaken	Monday 1:15 - 1:35	8
Bricen Raynold	Monday 3:10 - 3:30	6
Jack McMaken	Monday 3:30 - 3:50	10
Jack McMaken	Monday 4:25 - 4:45	16
Bricen Raynold	Monday 5:40 - 6:00	5
Bricen Raynold	Friday 1:35 - 1:55	1
Bricen Raynold	Tuesday 12:40 - 1:00	12
Jack McMaken	Tuesday 12:40 - 1:00	14
Jack McMaken	Tuesday 3:50 - 4:10	3
Jack McMaken	Tuesday 4:25 - 4:45	7

Professor Mattox	Tuesday 4:25 - 4:45	9
Jack McMaken	Wednesday 1:15 - 1:35	13

Course Textbook

Textbook: Head First Software Development, Publisher: O'Reilly Media, Inc., Pub. Date: December 20, 2007, Print ISBN-13: 978-0-596-52735-8, Print ISBN-10: 0-596-52735-7, Pages in Print Edition: 498

The textbook is available for free through O'Reilly Books Online and Miami Proxy. You can access O'Reilly books for free by going to **http://www.lib.muohio.edu (http://www.lib.muohio.edu)**, selecting "Databases A-Z", and then "O'Rielly Safari Learning Platform." (many times it is best if you search for 'safari'). You may need to log in with your Miami username and password. **HOWEVER, you cannot always rely on it being available as Safari allows only 100 people to access a resource at one time,** but this has never been a problem in the past**.**

Office Hours

I have office hours each week to help you with your problems relevant to this course.

If you cannot visit me during my office hours, you are welcome to contact me and make an appointment for a more suitable time.

You can use my office hours to request clarification of subjects pertaining to this course. If you have difficulties with homework problems, please do not expect me to give you the solutions; that would defeat the purpose of homework assignments. I will, however, provide you with hints. You can also go to the TAs for help.

Extra Credit: Generally, I do not assign extra credit work.

Copyright Disclaimer: Course materials provided to you, including presentations, tests, outlines, and similar materials, are copyright protected by the faculty member(s) teaching this course. You may make copies of course materials solely for your own use. You may not copy, reproduce, or electronically transmit any course materials to any person or company for commercial or other purposes without the faculty member's express permission. Violation of this prohibition may subject the student to discipline/suspension/dismissal under the Miami's Code of Student Conduct or Academic Integrity Policy.

Communication

I am very good at responding to email so feel free to ask me anything and I normally will be able to answer the question or address your concern in very short order.

Late Submission: There are no late submissions allowed for any assignments in this class. All assignments are described well in advance so you are fully able to plan your schedule accordingly. Certain assignments (such as exams) can be rescheduled if you **contact me before the exam date**. Rescheduled assignments (such as exams) must be taken earlier rather than later and so you must contact me before the date of the exam. The only exception to this is genuine unforeseen complications such as hospitalizations (a cold is not sufficient) or family emergencies or other similar such things.

Final Project: This class has a final project that is a group project. The goal of the project is to allow you to take the skills learned in class and see and apply them in a practical situation. The project consists of more than just a final grade; it has weekly graded components, presentations, peer reviews, plus the final submission itself. All these components add together to equal the 40% of your total grade.

Grading Scale: I reserve the right to modify this scale as I see fit.

A+97% – 100%

A 93% – 96.9%

A-90% – 92.9%

B+87% – 89.9%

B 83% – 86.9%

B-80% – 82.9%

C+77% – 79.9%

C 73% – 76.9%

C-70% – 72.9%

D+67% – 69.9%

D 63% – 66.9%

D-60% – 62.9%

F < 60%

Computer Science and Software Engineering Academic Integrity Expectations for Individual and Group Problem Solving Assignments

The Department of Computer Science and Software Engineering is committed to maintaining strict standards of academic integrity. The department expects each student to understand and comply with the CSE department Academic Integrity Policy: **http://miamioh.edu/cec/academics/departments/cse/academics/academic-integrity/index.html (http://miamioh.edu/cec/academics/departments/cse/academics/academic-integrity/index.html)**

Students may direct questions regarding academic integrity expectations to their instructor or to the department chair. All work submitted must be original for that class. Submitting the same project for two different classes, sections, or offerings is grounds for charging a student with academic misconduct unless prior written permission from both instructors.

Students with Disabilities

If you are a student with a disability and feel you may need a reasonable accommodation to fulfill the essential functions of this course, you are encouraged to contact Student Disability Services (SDS). SDS provides accommodations and services for students with a variety of disabilities, including physical, medical and psychiatric disabilities. You are encouraged to contact SDS to learn more about registration and procedures for requesting accommodations.

Oxford Campus: **SDS@miamioh.edu (mailto:sds@miamioh.edu)**

Hamilton Campus: **MUHODS@miamioh.edu (mailto:muhods@miamioh.edu)**

Middletown Campus: **MUMDC@miamioh.edu (mailto:mumdc@miamioh.edu)**

Current SDS registered students should request accommodations according to **SDS procedure (http://miamioh.edu/student-life/sds/student-tools/accommodation-procedures/how-to-request-accommodations/index.html)** . You are strongly encouraged to request and discuss your accommodations needs during the first 1-2 weeks of

the semester.

Programming Style: All programming that is submitted as part of a lab or a programming assignment should follow the departmental Programming Style Guidelines. Use your comments to help build understanding of what the code does. If you cannot comment your code effectively, then it is likely that you do not fully understand what you are doing. In particular, study the formatting, commenting, and naming conventions. But most importantly, be consistent.

http://miamioh.edu/cec/academics/departments/cse/academics/programming-style/index.html

Non-Discrimination Statement

Miami University is committed to providing equal opportunity and an educational and work environment free from discrimination on the basis of sex, race, color, religion, national origin, disability, age, sexual orientation, gender identity, military status, or veteran status. Miami shall adhere to all applicable state and federal equal opportunity/affirmative action statutes and regulations. The university is dedicated to ensuring access and equal opportunity in its educational programs, related activities, and employment. Retaliation against an individual who has raised claims of illegal discrimination or cooperated with an investigation of such claims is prohibited.

Students and employees should bring questions or concerns to the attention of the Office of Equity and Equal Opportunity, Hanna House, 529-7157 (V/TTY) and 529-7158 (fax). Students and employees with disabilities may contact the Office of Disability Resources, 19 Campus Avenue Building, 529-1541 (V/TTY) and 529-8595 (fax).

Resources and Support for Students

As an instructor, I have a **duty to report** (https://www.miamioh.edu/policy-library/employees/general-employment/non-discrimination/duty-to-report.html) . This means I am required to promptly report to the Deputy Title IX Coordinator (**titleix@miamioh.edu** (mailto:titleix@miamioh.edu)) any information a student shares with me regarding harassment, discrimination, sexual misconduct and interpersonal violence, or retaliation. A report does not initiate an investigation. It engages a discussion of your resources, supportive measures, and options available. If students want to speak with someone confidentially, the following resources are available on and off campus:

Student Health Services (https://gnldr.online/tracker/click?redirect=https%3A%2F%2Fmiamioh.edu%2Fstudent-life%2Fstudent-health-service%2Findex.html&dID=1578667353841&linkName=Student%20Health%20Services) , **(513) 529-3000** (https://www.google.com/search?q=Miami+University+Student+Health&rlz=1C1GCEB_enUS814US814&oq=Miami+University+Student+Health&aqs=chrome..69i57j46i39i175i199j0l3j69i60l2j69i61.5685j0j7,8)

Student Counseling Services (https://gnldr.online/tracker/click?redirect=https%3A%2F%2Fmiamioh.edu%2Fstudent-life%2Fstudent-counseling-service%2F&dID=1578667353841&linkName=Student%20Counseling%20Services) , **(513) 529-4634** (https://www.google.com/search?rlz=1C1GCEB_enUS814US814&sxsrf=ALeKk02sACQS4DV0liKgWpTJGcUqvNjG1Q%3A1603376956794&ei=PJeRX8z8L4iPtAaSgpioDQ&q=Miami+University+Student+CECaABwAngAgAFbiAH_CpIBAjE4mAEAoAEBqgEHZ3dzLXdpesgBCMABAQ&sclient=psy-ab&ved=0ahUKEwjMis3PtMjsAhWIB80KHRIBBtUQ4dUDCA0&uact=5)

Women Helping Women (WHW) Sexual and Interpersonal Violence Support Specialists are available to support all students and can be contacted by emailing mu@womenhelpingwomen.org. As well as calling/texting 513-846-8402 between 9AM-5PM. The 24-hour hotline is 513-381-5610. WHW supports ALL survivors of dating/domestic violence, sexual assault, and stalking, regardless of gender identity or sexual orientation.

Speaking with a confidential resource person does not preclude students from making a formal report to the University if and when they are ready.

https://miamioh.edu/diversity-inclusion/programs-resources/report-incident/index.html (https://miamioh.edu/diversity-inclusion/programs-resources/report-incident/index.html)

For more information, please visit **https://miamioh.edu/campus-safety/sexual-assault/** (https://miamioh.edu/campus-safety/sexual-assault/) and **https://www.miamioh.edu/diversity-inclusion/oeeo/index.html** (https://www.miamioh.edu/diversity-inclusion/oeeo/index.html) .

Attendance + Participation

Regarding illness during the semester, we will, without prejudice, provide students with reasonable opportunities for completing missed work. However, students are ultimately responsible for material covered in class, regardless of whether the student is absent or present. If your absence is of significant duration or severity, as your instructor, I will advise you about other options that might be available including assigning an incomplete grade or requesting a medical withdrawal.

Academic Dishonesty

Academic Honesty: Ignorance of the Miami University Academic Integrity Policy is not a reasonable explanation for a violation. I will report offenders through official Miami University channels. The Department of Computer Science and Software Engineering is committed to maintaining strict standards of academic integrity. The department expects each student to understand and comply with the University's Policy on Academic Integrity. Students may direct questions regarding academic integrity expectations to their instructor or to the department chair. All work submitted must be original for that class. Submitting the same project for two different classes is grounds for charging a student with academic misconduct unless prior written permission is received from both instructors. The default penalty for any instance of academic dishonesty in CSE will be a zero on the assignment followed by a reduction of a full letter grade in the course. This will be the case whether the judgment is reached in the Office of Academic Integrity or by the department chair.

In the CSE department, the default penalty for any instance of academic dishonesty will be a zero on the assignment AND a reduction of a letter grade in the course. This will be the case whether the judgment is reached in the Office of Academic Integrity or by the chair of CSE.

The default penalty for any instance of academic dishonesty in CSE will be a zero on the assignment followed by a reduction of a full letter grade in the course. This will be the case whether the judgment is reached in the Office of Academic Integrity or by the department chair.

Recorded Media

Synchronous sessions in this course will be recorded or live-streamed. Such recordings/streaming will only be available to students registered for this class. The faculty member will provide you notice if any of these recordings/streaming will be shared with anyone outside of this course, and will obtain your prior written consent before sharing. These recordings are the intellectual property of the faculty member and Miami University and may not be shared or reproduced without the explicit, written consent of the faculty member and Miami University. Further, students may not share these sessions with those not in the class, or upload them to any other online environment. Doing so would be a breach of the Code of Student Conduct.

Course summary:

Date	Details	Due
Sun, 4 Feb 2024	Attendance Quiz (https://miamioh.instructure.com/courses/206702/assignments/2710209)	due by 23:59
Tue, 13 Feb 2024	Test 1 (https://miamioh.instructure.com/courses/206702/assignments/2725139)	due by 23:59
Sun, 3 Mar 2024	Premeeting Assignment (https://miamioh.instructure.com/courses/206702/assignments/2725123)	due by 23:59
Tue, 5 Mar 2024	Test 2 (https://miamioh.instructure.com/courses/206702/assignments/2732818)	due by 23:59
